The STAR ☆ in the center of the map is the lowest point in the “BRENTWOOD BRANCH” Watershed. From the STAR, follow Brentwood Branch and the smaller tributary creeks that flow into it upstream and draw a DOT • at the point, high up on the watershed boundary, where each creek begins. Go back to the STAR ☆ and “• • •connect-the-DOTS • • •” until you end up back at the STAR ☆ to draw the Brentwood Branch Watershed Boundary.
